Brain Games Brain Games is a collection of 5 brainteasers designed for both the Xbox 360 and Xbox One. The game includes five different puzzles, each with an increasing difficulty level. The game includes three modes of play: puzzle mode, timed challenge and challenge mode. Mastering Brain Games is a puzzle game on the Xbox 360 that combines elements from both casual puzzle games and brainteasers to create a challenging brain-twister. In the game, players take on the role of a brainteaser, exploring an intricate maze in order to find a way out. At the heart of the game is the player's ability to memorize the rules of a maze in order to navigate the complex path through it, allowing him or her to achieve the ultimate goal. The game's puzzles include challenges that test a player's ability to memorize the rules in order to complete the maze. Brain Games HD (Nintendo DS) Brain Games HD, released in June 2009, is the port of the Xbox 360 game to the Nintendo DS, , and . The game includes

18 puzzles, along with the same modes of play, puzzle mode, timed challenge and challenge mode, as in the original release. The game includes 4 scenes, which are: Puzzle mode The game consists of six puzzle challenges, which test the player's ability to memorize the rules of the maze. During the game, the player's ability to memorize the maze is tested against the clock by attempting to navigate the maze, making the player take note of the rules and the obstacles that impede the path, while attempting to find a way out. Timed challenge mode The game includes nine challenges, with each challenge including three challenges. In order to clear the challenge, a player must navigate the maze and collect all of the hidden pieces. The time in which a player can complete the challenge is limited, which is represented by a clock. Players can replay the timed challenges as many times as desired. Challenge mode In the challenge mode, players attempt to complete a challenge in the shortest amount of time. The game includes two challenges, with each challenge consisting of 15 challenges. If a player finishes the last challenge in a challenge, he or she can view a statistics page that gives details of the player's progress. If a player finishes the challenge in less than the specified time, he or she can view a statistics page that gives details of the player's progress. 82157476af
