We're looking for as many beta testers as needed to provide ample feedback. If you're interested in participating, we suggest you act now! The Windows 7 Beta is available in five languages: Arabic\*, English, German, Japanese, and Hindi\*+(32-bit only). Just choose the version that fits the system you'll be using for the test, pick your language and click go.

\*When downloading in these languages please note that you will receive future communications in English.  
+This language only available in 32-bit version.

Downloading the Windows 7 Beta could take a few hours. The exact time will depend on your provider, bandwidth and traffic. The good news is that once you start the download, you won't have to answer any more questions – you can walk away while it finishes. If it gets interrupted, it'll restart where it left off. See this FAQ for details.
